BDO PAKISTAN PARTNERS

WITH

XERO

BDO Pakistan partners with Xero for cloud-based accounting solutions

BDO Ebrahim Consulting (Private) Limited (BDO Pakistan) is a Xero partner in Pakistan under the Xero partner program, and is targeting the cloud based accounting solution services area for Small and Medium Sized business enterprises.

Xero is the emerging global leader of online accounting software that connects small businesses to their advisors and other services. Xero provides business owners with real-time visibility of their financial position and performance in a way that's simple, smart and secure. Founded in 2006, Xero listed on the New Zealand Stock Exchange in June 2007 and the Australian Securities Exchange in November 2012. Xero is used in over 180 countries by 1,000,000+ paying subscribers and integrates with more than 600 add-on solutions. Xero forges a trusted relationship with clients through online collaboration and gives accountants the opportunity to extend their services.

Founded in 1951, BDO Pakistan provides Business Services & Outsourcing services in Pakistan to several local, multinational and international clients. The suite of services includes accounting, payroll, taxation, treasury management, accounts payable and vendor control, corporate services and other critical business support services.
